

Why Buy a Mattress From Us Online Instead of a Store?

Laying on a mattress in a store for a few minutes is no indication whether or not you will like it over time. Only Sleeping on a mattress for several nights or a month or two is the way to test the comfort.

- **Our All Natural Organic Mattresses** are built in layers so each side is personalized for individual comfort. Each side has three changeable firmness layers which allows for six possible comfort levels by just un-zipping the cover and rotating one or more layers.
- **All Natural Means** No Chemicals, No Glues, No Pesticides, No PBDE's or VOC's.
- **Our covers are 100% Texas Grown Organic** Cotton.
- Our Fire Barrier is **Pure Organic Wool**, not chemicals.
- **60 Day Comfort Exchange.** In addition to the changeable firmness layers you get with your mattress, You can exchange more layers from the factory for an entire 60 Days..
- **35 Yrs. Experience.** We have been in all levels of the mattress industry for 35 years. We can assist you with knowledge of every type and brand of mattresses made in this country.
- **Individual Un-interrupted Assistance.** When we are on the phone, our conversation is private and you will not be put on hold.
- **No Pressure.** Of course we want to sell products, however, we feel the best way to do that is to find out what your needs are and assist you, not sell you.
- **Lower Prices.** We have an Internet office showroom, receiving and shipping area. Without expensive retail space, we are able to offer the very best products at much lower prices than any retail store.
- **The Best Brands.** After 35 years experience, we know what brands are the most reliable and chemical free. Our staff uses the products we offer our customers.
- **Organic Natural Latex Certifications.** If a sales person at a store tells you a mattress is all natural and chemical free, make them prove it in writing. Our Natural Organic Latex Mattresses Have written USA Certifications.
- **Our Latex is processed in the USA.** Only natural latex processed in America can be assured it is 100% natural. European latex can be called all natural and be as high as 20% synthetic.
